## BRITAIN'S NOTE MAY FORCE GERMANY INTO CHANGE OF POSITION

French Diplomats Intimate Message to Hitler Invites Long Drawn Out Negotiations—Crisis Could Continue for Weeks Unless Nazis Determine Upon Striking Quickly

PARIS, Aug. 28 (P).—Diplomatic circles considered tonight that Great Britain's new note to Germany may pave the way for long negotiations to settle the European crisis over Germany's demands on Poland for Danzig and the Polish Corridor. After reading the text of the reply which the British rushed to Berlin, French circles said that only a "lightning stroke" by Fuehrer Hitler against Poland would keep the crisis from dragging out perhaps for weeks.

The British note, they indicated, was designed to manoeuvre Hitler into a technical and legal argument over his position as outlined to Premier Daladier and Prime Minister Chamberlain in personal messages. The note was described by a French diplomat who saw it as being so "technical" that a lengthy and detailed German reply would be necessary.

While France waited there was no change in her position. After Hitler's rejection of Daladier's suggestion that Germany negotiate directly with Poland if he wanted peace, French sources said:

NOTES ARE SIMILAR  
"Hitler must back down now or we fight."

In diplomatic circles it was reported the London note, steeped in diplomatic wordage, stated practically the same position as that of France, as far as Hitler's demands for return of Danzig and the Polish Corridor are concerned.

A slight ray of hope held out in Continued on Page 2, Column 4

## U.S. WATCHING DEVELOPMENTS

State Department Continuing "Usual Policy" Concerning European Situation

WASHINGTON, Aug. 28 (P).—A close and apparently continuous exchange of information between United States and other Governments was revealed today by State Secretary Hull, while the continued seriousness of the situation compelled President Roosevelt to defer a trip to Hyde Park.

In response to press questions, Hull said the Washington Government had pursued its usual policy. American diplomatic representatives have sought and received important information, he said, and have been queried by foreign officials for data on what America has been doing.

The Secretary emphasized this procedure in no way entailed the seeking or giving of American advice in advance of action taken by other powers, or any implication of United States' prior approval or commitment to support any course of action followed.

### EXCHANGING VIEWS

The United States, Hull asserted, has made known to other countries the things it has said and done, and the same was true of actions taken by countries abroad.

In answer to one question, the Secretary of State said the United States had not suggested to any Latin-American countries that they appeal to European leaders for the maintenance of peace. He intimated, however, that Washington would highly approve if they should do so.

In that connection, Aurelio Mosquera Narvaez, the President of Ecuador, addressed a note to President Roosevelt commending the President's peace appeals of last week.

## Squalus Settles Back in the Mud

PORTSMOUTH, N.H., Aug. 28 (P).—For the second time in three months the bow of the ill-fated United States submarine Squalus thrust itself above the surface of the Atlantic today, but once again the craft and her crew-six dead settled back to the bottom.

Within a half's breadth of completing the job, the crew that has labored above the Squalus since May 23 left the bow of the craft embedded in the mud bank tonight. Long before midnight, Rear Admiral C. W. Cole, in charge of operations, postponed another lifting effort until tomorrow at least.

## London Unperturbed by War Clouds

Within a few hours or days the Mother Country may be in the midst of one of the more terrifying wars in history, but the British people are no longer perturbed. After two years of nervous war preparations the people of the British Isles are fully prepared for any eventualities. This picture, taken a few days ago, and flown across the Atlantic on the Empire flying boat Caribou, shows Londoners sitting on the steps of St. Paul's Cathedral enjoying the bright sunshine while the pigeons flutter around their feet.

## Conferences in Brussels Reported as Indicating New Plan of Mediation

Delegates of Five Powers Received by Belgian Prime Minister

REFUSE TO REVEAL ANY INFORMATION

BRUSSELS, Aug. 29 (Tuesday) (P).—Reports of a new move to mediate the German-Polish dispute circulated here early today after Prime Minister Hubert Pierlot received in quick succession last night the Ambassadors of Great Britain, Italy, France and Germany and the Ministers of Poland and Hungary.

An official of the Foreign Affairs Department said that diplomatic tension was "less acute."

The official Belga News Agency issued the following communiqué early today:

NO INFORMATION  
"Official circles refuse to give any information concerning the visit last evening paid to Pierlot by the Ambassadors of Great Britain, France, Italy and Germany and the Polish Minister. But the report is current that the meeting was about an attempt at mediation."

"In addition, it is learned the Government at the present time does not envisage new military measures."

## States War Will Change Their Stand

NEW YORK, Aug. 28 (Tuesday) (P).—The Herald Tribune says today, in a Washington dispatch, leading members of the Congressional Republican-Democratic bloc which defeated President Roosevelt's neutrality legislation have decided to reverse their stand should war come to Europe.

## Preparedness Move Widens in Province As Tension Persists

British Columbia Government Announces Steps Taken to Protect Essential Services, and Guard Against Sabotage—Statement Is Issued

BRITISH Columbia officially was in a state of watchfulness yesterday against either aggression from without or sabotage from within. Though details were not disclosed, it was announced by the Province that adequate steps had been taken to guard key points in the province, in the event of open hostilities.

Between twenty-five and thirty points, it was unofficially learned, are being guarded, affecting vital services, and, arrangements are being made for patrol of utilities, railways and other services should the occasion arise. The protection of health, sanitation and water services were also under close consideration. Active militia units, already on a voluntary service basis, were being used in part for this work.

The only official announcement during the day came from Acting Premier John Hart, who said the Province was acting in full accord with the Ministry of National Defence at Ottawa to do all that could or should be done at present. Mr. Hart said:

## Japanese Preparing to Proclaim End of the War in China

SHANGHAI, Aug. 28 (P).—Wang Ching-wei, disaffected former Chinese Premier and leading advocate of peace with Japan, was reported elected president of the "New Kuomintang" Party today, at a party congress here.

Wang, prospective choice for head of a puppet regime to govern all Japanese-occupied areas of China, presided at the session, which was said to have adopted a motion of censure for Generalissimo Chiang Kai-shek.

Wang, prospective choice for head of a puppet regime to govern all Japanese-occupied areas of China, presided at the session, which was said to have adopted a motion of censure for Generalissimo Chiang Kai-shek.

After such a move, the Japanese were understood to be contemplating proclamation of the end of the war in China except for operations against "bandits" in the West—the Chinese armies.

## B.C. LIFTS ITS CLOSURE

Logging and Recreation Ban Lifted in Coastal Forest District

British Columbia lifted its logging closure yesterday, resuming use of the woods to the timber industry and the general public throughout the whole area affected, including Vancouver Island and the rest of the Vancouver forest district. The ban was lifted at midnight, after forest fires had reinforced earlier showers over much of the lower coast area.

By cancelling the order closing the woods, the Provincial Government sent upwards of 10,000 loggers back to work in the Coast softwoods belt. At the same time forest areas were once more thrown open to campers and the general public, earlier hampered by the prohibitions that had applied under the Forest Act.

E. C. Manning, chief forester, was on the mainland, where it was learned that recent rains had greatly aided fire fighters, and helped to bring control in the Nelson and Kamloops districts, where the outbreaks had been the worst. On Vancouver Island, all known fires were reported as safely under control, and the majority of the smaller blazes out.

Meanwhile, late reports on outbreaks from the first of the season showed a total of 1,240 fires, compared with 1,757 at the corresponding date last year. Some 840 of the fires were in the Interior and the balance on the Coast.

## ARGENTINE SELLING HER SURPLUS WHEAT

BUENOS AIRES, Aug. 28 (P).—The Argentine Wheat Board was reported in informed quarters tonight to have disposed of about 500,000 metric tons of its surplus wheat in the last few days.

About half of this went to Japan, it was said, and the remainder was sold to "European interests," supposedly for England.

### PREMIER AT FAIRBANKS

FAIRBANKS, Alaska, Aug. 28 (P).—The seaplane City of Victoria, carrying Premier T. D. Pattullo of British Columbia and party, arrived here at 6 p.m. (P.S.T.) after a six-hour 700-mile trip from Alakavik, N.W.T.

## CHOICE OF PEACE OR WAR NOW RESTS WITH NAZI CHANCELLOR

Ship Puts About With Machinery For New Factory

PERTH, N.B., Aug. 28 (P).—Orders for German ships to return home immediately has delayed assembly of a potato starch and potato flour manufacturing plant here, scheduled to begin October 15. The freighter Marie Leonhardt, carrying machinery for the plant, put to sea from Newcastle, N.B., last Friday without unloading. Possibility for later delivery through a neutral port is being considered.

## NO COMMENT FROM HITLER

Fuehrer Receives British Note but No Official Statement Yet Made

BERLIN, Aug. 29 (Tuesday) (P).—Fuehrer Hitler and the British Ambassador to Germany, Sir Neville Henderson, discussed the grave possibility of war in Europe for an hour and twenty minutes last night at the Reich's Chancellery, but left the world in the dark as to the nature of their talks. Sir Neville flew from London and presented to Hitler written conclusions from the British Government on the violent quarrel between Germany and Poland over the Danzig and Polish Corridor issues.

After presenting the note from the British Government, Sir Neville made verbal explanations.

It was reported that neither the Fuehrer nor the Ambassador banged the door on further discussions at their historic meeting last night. But there was no official, or even reasonably well-informed comment, to support this slightly optimistic report.

### REPORT IS BRIEF

The Germans contented themselves with an official news agency report which merely stated Sir Neville had visited the Fuehrer and the Ambassador discussed the Polish-German quarrel after handing over the British note.

The British Embassy here said that any comment would have to come from the Foreign Office in London.

The Ambassador rode alone to the Chancellery and afterwards returned to the British Embassy.

## CLAIM STRONG POLISH FORCE CONCENTRATING

BERLIN, Aug. 28 (P).—The German official news agency reported from Danzig early today that "strong" Polish troop concentrations along the Danzig-Poland border "continued in a striking manner during the last few hours."

Three additional fronts have been established by the Poles close against Germany proper and against East Prussia, in addition to one deep in the corridor, the news agency asserted.

## British Cabinet Reported To Be Unanimous on Stand

LONDON, Aug. 29 (Tuesday) (P).—Great Britain's "showdown" message to Fuehrer Hitler was said authoritatively today to contain a flat warning that a German threat to Polish independence would find Great Britain and France "fighting from the first day on the side of Poland." Strictest silence was maintained about other angles of the communication handed the German leader in Berlin last night by the British Ambassador, Sir Neville Henderson.

LONDON, Aug. 28 (P).—Fuehrer Hitler had his choice tonight—war with his grey-clad Reichswehr pitted against the combined military strength of Great Britain, France and Poland, or peaceful negotiations with the Poles in a spirit of conciliation and mutual confidence. The British Government sent Hitler a momentous message designed, reliable quarters said, to promote a "showdown" in Europe and leave it up to him to decide whether the world is to be plunged into war or whether he is to pin his faith on diplomacy shorn of all threats of violence.

## FORMING NEW TOKIO CABINET

Moderate Called From Retirement to Head New Japanese Government

TOKIO, Aug. 29 (Tuesday) (P).—General Nobuyuki Abe, a Moderate called from three years' retirement, began today constructing a new Government to carry out the isolationist policy to which Japan turned after Germany concluded her non-aggression pact with Soviet Russia.

Emperor Hirohito last night called on the sixty-four-year-old Abe (pronounced Ap-Beh, without accent) to form a Cabinet replacing that of Baron Hiichiro Hiramatsu.

With Japan's attention centring on Soviet Russia for any possible major move against Manchukuo or North China, Abe faces a difficult task in keeping clear of international complications which might threaten the Japanese campaign in China.

### A MIDDLE COURSE

At the same time Abe, former Inspector general of military education and once acting war minister, faced the task of maintaining a middle domestic course between extreme Nationalists and Liberals. The latter favor friendship with Great Britain and United States, a policy toward which Abe was inclined.

Mamoru Shigemitsu, ambassador to Britain, was mentioned as the most likely Foreign Minister. He is considered among the most westernized and moderate of Japanese diplomats. Informed observers believed he and Abe could offset any tendency of extreme militarists to seize control again of Empire policy.

### B.C. HONEY WINS

TORONTO, Aug. 28 (P).—C. G. Pearce, Kelowna, B.C., was awarded first place in the class for sections of comb honey at the Canadian National Exhibition tonight.

What Hitler's choice would be no one in London pretended to know, but the British Government went right ahead perfecting its war machine just in case the Fuehrer will give his signal to the troops lining the Polish frontier.

The British Government's message was drafted in its final form at a forty-minute Cabinet meeting, and was later flown to Berlin by Sir Neville Henderson, the ambassador to Germany.

### PARLIAMENT MEETING

Meanwhile, arrangements were made for Parliament to meet tomorrow when Prime Minister Chamberlain either can report to the nation on progress of Great Britain's efforts to keep peace or take the fateful step which would be the logical consequence of a rash decision by Hitler.

The British Government, it is agreed on every side, are taking a determined stand in impressing on Hitler that he can have a war if he wants one, or can take part in peaceful negotiations. But he cannot dictate surrender terms to the Continued on Page 7, Column 4

## NO ACTION TO RATIFY TREATY

Conscription and Tax Bills Are Prior on Supreme Soviet Agenda

MOSCOW, Aug. 28 (P).—A joint session of the Supreme Soviet of the U.S.S.R., Russia's Parliament, adjourned tonight without acting on the non-aggression pact signed with Germany last week.

Conscription and tax bills placed first on the agenda were expected to delay ratification for several days. Procedure toward formal endorsement was started, however, at today's session of the Lower House, when the pact was included in the agenda adopted for the special Parliament meeting.

The conscription measure was expected to increase the number of conscripts called to service. Agricultural taxation is included in another measure on the agenda.

Compulsory military service in Soviet Russia is now set for three years in the infantry, five in the navy and four in the coast guard. Informed quarters said the legislation before the Soviet Parliament would increase the number of conscripts rather than extend the duration of the period. Exact figures were not available.

## URGES STUDENTS PRAY FOR PEACE

President Roosevelt Welcomes Pax Romana Conference to Washington—Pope Sends Blessing

WASHINGTON, Aug. 28 (P).—President Roosevelt urged a world conference of Roman Catholic students tonight to "pray for peace" and have faith that, despite all discouragements, councils of wisdom ultimately will prevail among nations. He welcomed the eighteenth annual Pax Romana Congress here by letter.

Earlier Pope Pius XII sent a great and particular Apostolic blessing "to the congress."

A delegation of 130 Europeans, including Poles, Germans, French and Italians, stood with Catholic students from Canada, South America, Asia and the United States, to hear Rev. Joseph Gremault, of Fribourg, Switzerland, read in French a letter from Cardinal Luigi Magliana, Papal Secretary of State, to Pax Romana, international student federation.

## German People Are Suddenly Awakened To War Possibilities

Remarkably Quick Change in Millions of Men and Women Typified by War Widow With Son on Polish Frontier

BERLIN, Aug. 28.—Tears filled her eyes and trickled down upon the steel fragment in her hand. Moved by the tense-ness of the world situation, this German Great War widow was showing some of the mementoes of the last war—mementoes she found in the garden of her home in Western Germany, close to the French frontier.

There were rusty shell splinters; a battered part of an English war-plane which had been shot down. She is a proud woman. Proud of the fighting ability of the German soldier and convinced they don't come any better.

The war took her husband. And now she knows if war comes again, the chances are 50-50 it will take her "war baby."

He is somewhere on the Polish front.

"If I only knew where," she says.

**TYPICAL OF MILLIONS**

The change which has taken place in her within the last twenty-four hours is remarkable—and she is typical of millions of German men and women today.

It is a change all the more remarkable because the Nazi-inspired press and the Government-controlled radio is working overtime to show that the "calm" the German people is unbreakable.

It required Germany's extensive mobilization to shake her full faith in another bloodless victory, in which the Poles, as the Czechs before them, would bow before the might of the German military.

Now she, like the others, watches tight-lipped. Around the corner, automobiles and motorcycles are being examined and assigned to the front.

**KNOWS REAL PEACE**

She nods understandingly because, she says, "In the twenty years since the Great War I've really known what peace means."

She rubs past signs reading, "to the nearest air raid shelter," to the grocery, to the milk and dairy products store. To the butcher and to the market.

In her hand she crushes the new rationing slip, and tries to figure

## PRESS PRAISES BRITISH STAND

Newspapers Reflect Determination of Britain to See Crisis Through

LONDON, Aug. 29 (Tuesday) (CP).—Morning papers brought the news that the door is still open for a peaceful settlement of the situation created by Germany's demands on Poland, but the editorials stressed that Great Britain was ready to take up arms if necessary.

The issue lies with Fuehrer Hitler, the papers said. It is up to him to decide whether Europe will be plunged into a war.

**CALLS FOR ANSWER**

The Conservative Daily Telegraph remarked that the exchanges between the British Cabinet and the Fuehrer had at least brought about a "pause in the march of events."

"It cannot be denied an answer, although it is realized that the answer may bolt and bar a door which still stands at the latch."

The Telegraph said the Government could be assured of the full support of Parliament in the measures it has taken, and added that "it may be confidently taken for granted that the Government, in leaving the way open to any such pacific solution as the Danzig question as President Roosevelt has urged in his messages to Herr Hitler, have not shied one jot in their determination to resist any attempted solution by force."

The Daily Express (independent) asserted that "Democracies are prepared to negotiate before war, but not for negotiations after surrender." It urged that people must adjust their lives to war conditions.

**EVERYTHING TO LOSE**

The Daily Herald (Labor) said that the German Government and German people have still to think and weigh the consequences. "They have everything to lose by war. For whatever grievances, for whatever just claims they believe they have, the way to a fair and reasonable settlement is permanently open."

The Daily Mail (independent) said "the door is still ajar, though the aperture is perilously narrow." It rested with Hitler to declare for peace or war, the paper added, "and if he says 'peace' the British people will be the first to welcome a settlement by negotiation. If he says 'war' the Empire is ready."

The Daily Telegraph (Conservative) said today that "in the Dominions nothing is more applauded than the determination of Britain and France to refuse to be turned from their appointed course."

**DEMOCRACIES CALM**

The Moscow-Berlin treaty, said The Daily Express (independent), "astounded the world for a day, but it has left the democracies entirely calm. So far the only victim has been the Japanese Cabinet, its policy kicked from beneath its feet by unfaithful friends. The Japanese withdrew from their position at Hongkong. The British people, therefore, look on Ribbentrop's masterpiece without dismay."

"Hitler's message to Daladier may not be his last word. The way is still open for him to withdraw the threat of violence and take the opportunities for a just settlement."

Referring to the latest Anglo-German negotiations, The Daily Telegraph said:

"What the precise terms of these exchanges were have yet to learn. But they have at least had the effect of imposing a pause on the march of events."

"What is certain is that this latest message of the British Cabinet is one that cannot be denied an answer, although it is realized that the answer may bolt and bar the door which still stands latch."

"The good faith of German policy never sustained a more damaging blow," the newspaper said in comment on the Russian pact.

ifications and principal garrisons, and appeared to young men not yet mobilized to aid in harvesting the nation's "war" grain.

**FORMAL ASSURANCES**

The British and French Ambassadors, Sir Robert Clive and Paul Bageot, were received by King Leopold today and formally offered Belgium assurances of their Government's neutrality.

The Belgian National Defence Ministry announced that mobilization plans would continue to go into effect. Fresh troops were sent to the garrisons and the frontiers.

During the Cabinet meeting the Health Minister, Henri Jaspar, submitted two bills calling for:

1. Creation of a central committee to act as a relief organization for war prisoners.

2. Establishment of a Government information bureau in conformity with agreements reached at the 1929 international convention.

**CRITIC AT THE HEARTH**

As a schoolgirl, Mrs. Peter Cazaret was more helpful than most daughters who criticize their parents.

Her father, P. G. Wodehouse, used to try out his jokes on her. It she said "Not funny," he thought again. One of his earlier books had a dedication acknowledging her assistance. It ran like this: "To my daughter Leonora, without whose constant aid and encouragement this book would have been written in half the time."

## Cause of World Crisis

The above map shows Poland and the Polish Corridor, two danger points in European upheaval. Germany has signed her intention to take over the Corridor and the Free City of Danzig to which Poland, backed by Britain and France, is opposed.

## FRANCE LOOKS FOR LONG ARGUMENT

Continued from Page 1

these circles was that Britain was believed to have indicated a way of discussing opening of raw material markets to Germany if not a return of colonies, provided Hitler withdrew from his present position.

However, the same foreign diplomatic observer said they gained the impression in Paris as well as in London that chances of any such withdrawal had been considerably lessened by Hitler's publication of his letter to Daladier last night.

It was pointed out by Daladier by not making public Hitler's first formal demands for the Corridor in addition to Danzig had left Hitler an opportunity to change his tactics.

Hitler by taking the initiative himself, diplomats said, apparently indicated he felt strong enough in his position to cut most of his bridges.

Some hope for peace was held out by the fact contact still was kept among Berlin, London and Paris. The bridges were not burned after Hitler made known his terms on Friday to the British and French ambassadors.

**STRICT CENSORSHIP**

Nevertheless, the French Government continued its preparations for war by decreasing censorship of news and photographs. Effective immediately, all printed publications, radio broadcasts and motion picture newsreels must be submitted for approval to the recently-formed General Information Service.

The nation approached the last stages in full preparedness. There was progressive mobilization of troops, requisition of transportation facilities and partial evacuation of Paris.

Lighted signs were banned in the capital. Householders were told their electricity would be cut off if they allowed light to shine out of windows or doors.

The week-end exchange of letters between Hitler and Premier Daladier was made public at noon by the Foreign Ministry. It showed France's proposal for direct negotiations between Poland and Germany had been flatly rejected by the Reich.

Originally, a responsible source said, Daladier intended to send a second letter to Hitler, but the wording of the first exchange and Berlin's publication of the texts last night twelve hours before issuance in Paris complicated the situation.

Now, it was asserted in authoritative quarters, it is "virtually impossible" to find a common meeting ground between Paris and Berlin.

## METEOROLOGIST HAS ORDERS TO RETURN

TORONTO, Aug. 28 (CP).—Joint meeting of the Royal Meteorological Society and the American Meteorological Society opened here today and the effect of the war crisis was felt immediately. Dr. J. M. ## SAWMILLS FIND BUSINESS GOOD

At Highest Peak for Ten Years in Coast Cities of British Columbia

NEW WESTMINSTER, B.C., Aug. 28 (CP).—Sawmills on this Fraser River port, employing about 3,000 men, have been running day and night for some time attempting to fill orders with business at the highest peak in nearly ten years, lumbermen said today.

"Business has been so good it's almost embarrassing," one lumberman said. "Orders for export and for rail have been pouring in daily. There is also a decided pickup for mining."

"It is estimated that orders for at least 50,000,000 feet of lumber are now at hand," he said. "Many mills would enlarge their plants if they were assured the present business would continue for some time."

SAN PEDRO, Cal., Aug. 28 (AP).—A flood of lumber from the Pacific Northwest is being discharged at Los Angeles Harbor this week. Up to next Thursday, twenty-one steamers will have arrived with some 25,000,000 board feet for distribution throughout the Southwest.

## NO METEORITES IDENTIFIED YET

Dr. F. C. Leonard Tells Astronomical Society B.C. Finds Not Authentic

No meteorites from the meteor which passed over Southern British Columbia on July 26 have yet been found and identified, Dr. F. C. Leonard, chairman of the Department of Astronomy at the University of California, Los Angeles, told members of the Victoria Centre of the Royal Astronomical Society Summer class, in a lecture at Victoria College last night.

Dr. Leonard has been lecturing in astronomy at the University of British Columbia during the Summer, and while in Vancouver he received many rock fragments which finders thought might have been meteorites from the meteor.

All the specimens submitted to him so far had proved, on examination, to be terrestrial rock, he said.

"If there are any authentic meteorites from the meteor found," Dr. Leonard said, "I expect they will be discovered in the Williams Lake area, near Quesnel. I should not be surprised if there are some there."

**FEW AUTHENTIC FINDS**

Dr. Leonard, who is one of the leading American authorities on meteorites, explained that authentic meteorites were discovered very rarely. It was estimated that approximately one hundred meteorites fell on the earth's surface in a year, and of these only an average of ten a year were recovered. The total number of meteorites in all collections at the present time was only 1,200, he stated.

The largest meteorite that had ever fallen on the earth was one which had never been removed from the ground, Dr. Leonard said. Its weight was estimated at from fifty to seventy tons. The second largest known was one of the Greenland iron meteorites, kept in the American Museum of Natural History, New York, which weighed over thirty-six tons. A specimen was discovered this May in California, weighing a ton and a quarter, and was placed on exhibition at the San Francisco World's Fair.

Identification of meteorites was sometimes difficult, Dr. Leonard said, especially in the case of aerolites, or rock meteorites. Siderites and siderolites, two other varieties of meteorites, containing nickel and iron, were easier to distinguish, since they showed characteristic crystalline formations in their physical structure, which were never found in terrestrial rocks.

Following the address, Robert Peters, president of the society, thanked the speaker and others who had taken part in the Summer programme. The meeting was the last of the Summer series. The Winter season meetings will begin in the second week of October.

Annual Outing Arranged for Willows Park Beach On Wednesday

The annual basket picnic and party rally of the Victoria Conservative Association will be held at the Willows Park Beach tomorrow afternoon at 2 o'clock.

The picnic is being held under the auspices of the junior branch of the association, and will be addressed by R. L. Maitland, K.C., M.P.P. Other speakers include Herbert Austin, M.P.P.; Dr. J. D. Hunter, M.P.P.; and Earl Dunsin, president of the provincial junior association.

An attractive programme of sports has been arranged, with special events for children, ladies, and members of Parliament. A small midway will be set up with coconut shies, dart, shooting gallery, etc., and tea, soft drinks and ice cream will be available. Candy will be distributed among the children.

## ATTACKS OF INDIGESTION FOR SIXTY YEARS BEFORE HE FOUND MOSBY'S TONIC

"I Was in Distress With Continual Soreness in My Stomach, Due to Gas Bloating," States Mr. Stanton, 89-Year-Old Citizen. "And My Stomach Was Sour and Bowels Always Constipated. But Now Mosby's Tonic Has Relieved Me. I Gladly Endorse Such a Splendid Medicine."

MR. RICHARD STANTON, of 1211 Gladstone Rd., Calgary, Alta., is now adding his name to the long list of Endorsers of this New, Scientific Medicine, MOSBY'S TONIC. Read His Sincere Testimonial!

### Now Tells of Relief Mosby's Tonic Gave

"About the time I was having one of my worst attacks of bloating and soreness I began to read in the papers about Mosby's Tonic, and finally I got this medicine and started taking it. And I want to say that it certainly gave me relief. It relieved my sour and bloated stomach to such an extent that I do not have that soreness like I did, and it cleared all of that gas and bloating out of my stomach. My bowels are more regular now than they have been in YEARS, and I feel fine in general. It is hard for me to put into words, but if you could understand how bad I felt before I found Mosby's Tonic, and how much better I feel now, then you would realize why I think so much of this Fine Medicine, and why I gladly give you my statement and publicly endorse it."

### A Pioneer Citizen Had 60 Years of Distress

"For the last 60 years I had been a victim of sour and bloated stomach distress," said Mr. Stanton. "At first this suffering of mine would come and go, and would then come back again and leave me once more. But in the last few years it had gotten so that I suffered almost CONTINUALLY. I was bloated badly all the time and this continual bloating and swelling of my stomach made my abdomen sore and painful. Sometimes I felt like I couldn't stand another minute of it. Oh! I tell you, I certainly suffered! I also had a sour condition in my stomach which must have poisoned my general system, for it got so bad that finally I had a soreness all over my body. My bowels were so constipated that I had to take some kind of strong physic almost nightly."

### Over 100,000 Bottles Sold in One Year

SUFFERERS! All you people who are in distress as described above. Bear this in mind: that, in Over 100,000 Bottles of Mosby's Tonic have been sold in the short period of one year. So don't hesitate. Get this Splendid Medicine—TODAY—and start taking it!

A Special Mosby's Tonic Representative, known as THE MOSBY TONIC MAN, is now at THE VANDERBILT DRUG STORE, Fort and Douglas Sts., Victoria, daily meeting crowds of people and introducing and explaining this New Compound.

## Call to Volunteers for Defence of Dominion Is Readily Answered

Nearly Seventeen Thousand Men Are Now On Duty in Canada—Veterans of the Last Great War Join in Protective Service

OTTAWA, Aug. 28 (CP)—While Canada waited in anxious expectation today, to see whether the play of events in Europe would involve this country in armed conflict, arrangements went smoothly forward in the Defence and other departments of Government to meet whatever emergency the crisis may bring.

Hon. Ian Mackenzie, Minister of Defence, revealed that, effective Saturday night, the naval branch of his department had taken over control of British shipping under Canadian registry and that a control service had been placed in the hands of a group of ex-naval officers.

This control relates only to the movement and handling of vessels and not to their cargoes, it was stated.

The call sent out last week for 10,000 members of the non-permanent militia had been fully answered, and these forces had moved quietly into positions all across Canada, manning the coast defences, the seacoast flying bases and guarding the vulnerable points in the Dominion's industrial, transportation and public utilities system.

These troops, with the permanent force, the Navy and the Air Force, bring the total now on duty in Canada up to approximately 17,000 men. Added to these a number of war veterans have been sworn in to guard various points for which the defence authorities made no provision. Their numbers are not known.

Royal Canadian Air Force units have been dispatched from Central Canada to both the Atlantic and Pacific coasts. But the strength of these units is not, for military reasons, disclosed.

Prime Minister Mackenzie King remained at his home today, where he was receiving constant advice of the progress of events.

Major-General L. R. LaFleche, deputy minister of defence, weakened by an illness which forced him to go on extended sick leave some weeks ago, returned to Ottawa and offered to resume duty, but against his physician's orders.

The only major announcement today was that relating to control of shipping, this synchronizing with similar steps adopted in Great Britain to British shipping.

Control for the moment is exercised only in relation to the physical operation of ships with the Naval Service empowered to prescribe to ship captains the routes to be followed, where they are to moor and other details relating to safety of vessels and the convenience of the Government.

## Former Victoria Teacher Passed Away Recently

Miss Isabel McLean Fraser Barron, well-known Victoria public school teacher who retired some years ago, passed away at the Beachcroft Nursing Home Saturday morning. She was born in Victoria, and spent most of her life here.

Miss Barron's teaching career in this city began in 1896, when she joined the staff of Boys' Central School. She remained there until January, 1915, when she was appointed to a position at the Provincial Normal School, and was on the Normal School staff until her retirement in 1933. Many of British Columbia's elementary school teachers received instruction from her, and she will be remembered as a most capable pedagogue.

Survivors are a sister, Elizabeth, in Victoria, a niece, Mrs. Eugenie Francis Hooper, Seattle, and a sister-in-law in Seattle.

Rev. W. Spender Darby will conduct funeral services at Hayward's B.C. Funeral Chapel this morning at 11 o'clock, following which cremation will take place at Royal Oak. It is requested that no flowers be sent.

## TWO DENTISTS DIVIDE WORK

Board Makes Temporary Appointments—Receives Basketball Delegation

Two dentists will divide the work of looking after the teeth of city school children for the balance of 1939. It was decided by the school board at a meeting held last night.

Acting on the recommendation of the education committee the board appointed Dr. C. B. Mess and Dr. H. M. Clark as school dentists for the remaining months of the year, at a total rate of salary similar to that being presently paid, namely, \$2,750 per annum.

The appointment was made on a temporary basis, with the understanding that the matter would be dealt with at the end of the year.

The board heard a delegation from the Victoria and District Basketball League applying for the use of the High School Gymnasium for the coming year. The delegation stated that the High School provided the best accommodation with regard to showers and dressing-rooms and was centrally situated.

Questioned by board members, P. Shandley, president of the league, admitted that no definite inquiry had been made regarding the use of the Willows building.

## TO CONSIDER REQUEST

The board decided it would consider the request when it is in receipt of information from the league that accommodation could not be obtained elsewhere.

A request from the Revelers Canadian Rugby Club for the use of the Victoria High School grounds for Rugby practice was refused in view of the present congestion in the use of the grounds for school games.

The board referred a complaint from Dignow-Hubbey Limited regarding the purchase of school equipment from a Vancouver firm to the secretary and municipal inspector, with instructions that in their reply they should express the surprise of the board that the company should have taken the matter up with another body before waiting for an answer from the school board.

## RESPONSIBLE FOR CONTROL

On the same subject a letter from the City Council, requesting an account of the circumstances of the purchase, was received and filed. Trustee W. P. Marchant remarked: "The City Council has no control over the spending of school board moneys—we are elected by the people and are responsible for the control of expenditures."

It has been the steady policy of this board whenever possible to call for tenders, for amounts much lower than \$500," declared Trustee Marchant. "As far as this proposal is concerned we would welcome it, but if it is applicable to school boards, it is applicable to municipal councils themselves."

Reports were presented by the finance, building and grounds, and education committees. Accounts totaling \$6,829.71 were passed for payment. Tenders received for electrical work to be done in various schools were referred to the buildings and grounds committee with power to act.

Trustee P. E. George, chairman of the board, presided at the meeting.

## STANDARD OF SPROTT-SHAW SCHOOL HIGH

Business College Enters Its Twenty-Sixth Year—Up-To-Date Facilities

The Sprott-Shaw School, one of Victoria's largest and best equipped business schools, now enters upon its twenty-sixth year of progress in Victoria. Founded in British Columbia in 1903, there are now seven branches in the province. They are claimed to be the only chain of commercial schools in British Columbia with a uniform system of business education.

The Victoria Sprott-Shaw School is centrally located at 1012 Douglas Street, at the corner of Broughton Street. The premises are specially designed for the purpose, with large airy classrooms, lighted by the new indirect system and exceptionally large window space.

The equipment found throughout the school is of the best. In the secretarial department there are no less than seventy-two typewriters of all makes, various adding and calculating machines and the most modern mimeographing and multi-graphing machines, all of which the students are trained to use. The bookkeeping department has all the necessary business forms, loose-leaf and card systems and filing cabinets. There is also a complete library for the students' reference.

RADIO DEPARTMENT  
The radio department is equipped with Marconi standard wave transmitting and receiving equipment, also short-wave equipment, Marconi direction finder, oscilloscope, and many other pieces of equipment that are used in the modern commercial radio station. Students in this department are trained to pass the Dominion Government radio examination, which is necessary before it is possible to operate a commercial radio station.

The Victoria Sprott-Shaw School was the first in Canada to give radio-telegraphy courses and since 1913 many have passed through the school, now holding responsible positions. The first airplane in Canada to be equipped with wireless transmission was equipped from the Sprott-Shaw School in Victoria.

AFFILIATE MEMBER  
Since 1922 the Victoria Sprott-Shaw School has been affiliated with the Business Educators' Association of Canada, an organization which consists of the leading commercial schools across Canada. This affiliation demands an exceptionally high standard. Sprott-Shaw being the only member on Vancouver Island. The association outlines the standards, sets and corrects final examinations and issues diplomas, the prescribed courses being constantly revised to meet modern requirements.

Since inauguration, Sprott-Shaw Schools have always adhered to a system of individual instruction, enabling the student to make full use of ability and talent. Much of the success of the school is attributed to the many competitions held, which keep the students constantly on their mettle.

To quote the secretary of the Business Educators' Association when notifying the school recently that two more of its graduates had won

coveted awards: "These awards are given to your candidates in recognition of their very fine examination records . . . very few students throughout Canada obtain this prize. I would not forget the fact that these prizes indicate teaching of a very high order . . ."

## Dr. C. J. Coultas Passed Suddenly Sunday Morning

Dr. Charles J. Coultas, prominent Victoria dentist, passed away at the Royal Jubilee Hospital Sunday morning, after a short illness. A native of Surrey, England, he had been a resident here for seventeen years.

He is survived by his widow and a son, Gerald, at the family residence, 237 King George Terrace, two brothers, Benjamin, Vancouver, and Bramwell, of Auburn, Wash.; and a sister in California.

Private funeral services will be held this afternoon at 2 o'clock, after which cremation will take place at the Royal Oak Crematorium. B. J. Curry & Son are in charge of funeral arrangements. It is requested that no flowers be sent.

## FUNERAL ON WEDNESDAY

NANAIMO, Aug. 28.—Funeral services for Herbert Morris Pusey, seventy-three, native of England and retired farmer of Nanaimo, where he lived for thirty-two years, will take place Wednesday afternoon, at Jenkins Chapel, Nanaimo, with Rev. Canon H. V. Hiltchcock of Nanaimo St. Paul's Anglican church officiating. Interment will be made in Nanaimo Cemetery.

Herr Hitler has told Great Britain and France that Danzig and the Corridor must be included in the Reich. Both countries have replied to the Fuehrer to the effect that they intend to stand by their pledges to Poland, but are still anxious that the door should be kept open so that a peaceful solution may be found for the differences between that country and Germany. That, in the briefest way, describes the attitude of Great Britain and France. Neither country feels it is its duty to interfere with Poland's decision as to what are her vital interests, and if she will fight for them, Poland will decide herself, and the mutual assistance pact will be fulfilled if she is the subject of aggression by Germany, aggression which Poland resists.

The next move rests with Germany. She would attempt an invasion of Poland with the full knowledge that there would be immediate declarations of war by Great Britain and France, and all their power brought to bear on the struggle. The onus rests on Germany. She precipitated the issue. Even now she is making no attempt to settle it at the conference table. The viewpoint, instead, is mandatory. Herr Hitler demands the return of Danzig and the Corridor. The massing of the German legions on the Polish frontier is equivalent to holding a gun at the head of that country. There is no one who supposes that if Germany once invaded Poland successfully and was able to occupy it that she would restore an inch of territory at the conclusion of such a war, that is if she were in a position to dictate the terms of peace.

It is against the threat of continued aggression that Great Britain and France have taken their stand. German history as a totalitarian State has been one of the violation of treaties, of faithlessness to the pledged word, of disregard for the rights of small nations. Europe has seen the law of the jungle in operation, and now a halt has been called. Power politics cannot continue without meeting a challenge. The issue lies with the German nation as to whether, by a new act of aggression, a new Great War will be precipitated.

#### VARIETIES OF SPORT

Upon what principle is one kind of sport judged to be better than another? In what respect does the sport of kings differ from the sports of children that satisfy the child, "pleased with a rattle, tickled with a straw?" Youth and manhood put away childish things and seek satisfaction in feats of strength and skill, trials of endurance and courage in which individuals and groups are pitted against each other. No doubt there is an intimate relation between the nature of the game and the tastes and intellectual quality of the players and spectators. A contest that calls for nothing more than strong muscles attracts one class of spectators. If some degree of skill is a factor this circumstance will call out the interest of others. A "tug of war" that involves only strength and endurance is not the same as a ball game in which the players exhibit intellectual activity, sound judgment, and quick wit, using their brains as well as their muscles. Putting the shot, tossing the caber, running a hundred yards or a mile belong in a class altogether different from golf or tennis, which require not only controlled muscles but also skill and calculation. Most people will agree that the real value of any particular form of sport is to be determined, partly by the amount and quality of the intellectual effort expended upon it and partly, of course, by the moral discipline it affords.

As there are games and plays in which the bodily strength of the players overshadows every other factor, so there are contests which make no call upon bodily strength but depend wholly upon the mental activity of the players. Checkers, chess, card games and the like belong in this class. Many of those who a generation ago would have devoted an evening to chess now go to the movies. Where are the literary and debating clubs and mock parliaments that were common in times not long past? University teachers say that the undergraduate debating club is obsolete or obsolescent. Perhaps the students, if questioned about the matter, would say that they are interested in science and invention. In the technical skill required for the machine shop or the laboratory, in doing things rather than in arguing upon literary, political or historical topics.

Debating as an art was brought to a high degree of perfection in ancient times. One form of it, said to have been popular as a society game, was bridge today, consisted of a battle of wits between two contestants, one of whom asked questions to be answered by the other according to certain rules; a kind of cross-examination such as lawyers conduct in court. The task of the questioner was to frame his questions in such a manner as to draw his opponent from one admission to another until the latter found himself approving of a conclusion which he had not foreseen and would likely have denied at the beginning. An old writer has preserved the details of one of these contests between a local expert in the art and a famous visitor from a distant town. The debate was a long one, but one "round" of the contest may be briefly summarized. The subject of debate was the nature of virtue.

The questioner began by suggesting that justice, holiness, reverence, and courage are parts of virtue, to which his opponent assented, agreeing also that they are parts, not as bits of gold of different size are parts of gold, but rather in the sense in which eyes, ears, mouth and nose are parts of the face. The next questioner put the answer that these parts of virtue differ from each other, that a man may be brave and not just, or just and not wise. Further questioning, however, led to the state-

ment, first, that wisdom is the opposite of folly, and that temperance also is the opposite of folly; and later, that as the beautiful is the only opposite of the ugly, and evil the only opposite of the good, and the grave in sound the only opposite of the acute, we may conclude that every opposite has one opposite only and no more. At this point the questioner reminded his opponent of his earlier statement that both wisdom and temperance are the opposite of folly. If, therefore, he still holds that everything has but one opposite, he will agree that wisdom and temperance must be much the same. Proceeding along this line of dialectic and dealing with the other "parts" of virtue in turn the questioner endeavored to bring out the meaning of virtue and lead up to the conclusion that at bottom virtue is wisdom.

One would suspect that this ancient society game or sport, must have called for mental alertness at least as lively, and cerebral activity almost as severe, as that involved in the discipline of modern bridge.

#### "MAKING" PROSPECTORS

There is the story of the refractory burro knocking the earth covering off a bit of a Nevada hillside with its heels and disclosing, for the benefit of its human companion, one of the richest silver lodes ever worked by man. There is, too, the hard-to-believe account of how an Indian woman chanced on the gold nuggets beside a little tributary of the Yukon, and started one of the greatest gold-rushes of mining history. These are illustrations of accidental luck, but the making of a genuine prospector requires something more than a superficial knowledge of minerals and a grubstake before he starts into one of the way-fair places seeking metals—either precious or base.

You cannot make a prospector, who would be "worth his salt" overnight. The plan recently announced by British Columbia's Minister of Mines for training a number of men in town and sending them out into the hills with bacon and beans, may look sound enough in the papers, but can hardly be expected to prove successful in actual practice. Prospectors who know the difference between country rock and the mineral-bearing formations and their contacts, gained their knowledge toiling in mineral-producing mines and hunting for metal in areas having the rock characteristics with which they became familiar while working in tunnel and shaft.

True, these prospectors, trained in the hard way and generally limited in the knowledge of general geology and mineralogy, often walked over ground which later proved worthy of attention by trained geologists and experienced mining engineers, but, at the same time, well over 95 per cent of the prospects which later proved to be paying mines were first located, and partly developed, by seasoned prospectors, who followed the valleys of America and climbed its hills seeking "float," through inclination and not because they had nothing else to do and were in need of a grubstake "handout."

Any plan which will help young men to help themselves just now, and at the same time provide possibilities for increasing the annual output of natural resources, is highly commendable. It should be remembered, however, that it takes years to acquire the knowledge which the old-time prospector (fast passing from the picture) possesses. Only those who are really sincere in the desire to learn something of metals and rock formations, and capable of "toughing it" far from contacts with their kind, should be chosen for this very important training. Those who show adaptability for the life should be encouraged if the plan is going to amount to anything in the long run; while the curious ones, attracted by the idea of something novel and the opportunity of enjoying a summer camping trip at the people's expense, should be quickly spotted and ruled out.

Father Time, though he fancies for none, often lays his hand lightly on those who have used him well.

#### Note and Comment

By SANDHAM GRAVES

The fate of a bluffer is generally the same: the bluff is called. In that day it is usually found that the man, or nation, fighting with the mouth has not much to back up the words which came so readily before; and words are not of much avail when someone as large, as determined, and a great deal more cool-headed stands blocking the way, and calling the bluff. Cutting through the circumlocutions, that appears to be what is happening in Europe now.

History suggests that time, circumstance and other telling factors are on the side of free men, those who will not submit to being bound. History suggests that a commonwealth which took one thousand years to build will not crumble suddenly in a day. It is the much-vaunted axis of aggression which is crumbling and crumbling fast. The axis has already lost the bolts of its ancillary bearings, and these cannot readily be replaced. It has developed strain at the junction where two different metals were welded hastily together, both of a different temper.

The situation is illuminating. We know now which are the will-you-won't-you nations that are for freedom today and for slavery the day after. We know now, if bluffs are to be called, who will do the calling, and who will be the spectators. And we know, better than ever before, why. If the world has a bolt that has come to a head, probably it will be the better for its letting, before the whole system is affected. It may be messy work, but the patient will survive. Men do not want "freedom" if "life" is "it." They want life now, freedom always. History suggests that, too.

For the rest, events will contribute to their own comment. We are, I think, through with words. It is action, and our decks have already been cleared. Means are available. Ships are in position. Men are at their stations. If anyone thinks that a pistol may be held with impunity to the head of the civilized world, he will be asked to prove it. It will be hard to establish banditry over citizenship; might over right; paganism over faith, at this age in the development of the world of mankind.

No man in his right mind wants war. On the other hand, few men will be content to live long in the shadow of its threat from day to day, from hour to hour. There is, clearly, an issue to be settled, and settled it will be—with or without the aid of those who give lip-service to freedom. Those who stand for freedom seldom stand alone. History has been fairly clear on that point, also.

At the moment, the move is up to the bluffer. Will he put up, or shut up? The decision must be his, and with it every one of the consequences. As it was like that in 1914, as a bent and grey-haired gentleman living in retirement at Devon could well testify. It was thought in those days that the issue was between Great Britain and Great Germany. It is known today that the issue is between the world of freedom and the world of oppression. There is no room on the same planet for both.

Stand fast. The world is moving forward, not back. Many men throughout history have attempted to lead a world into chains. None has succeeded; for men, come what may, will not remain bound. For bluffers, the end of the trail is generally the same: the bluff is called. It is being called now.

#### CARS SMASH BUILDING

BRANDON, Man., Aug. 28 (CP)—Part of the outer wall of a brick warehouse was crumbled today when four Canadian Pacific Railway freight cars overran a stop at the end of a spur into Brandon and crashed into the warehouse building across the street. The freight cars were smashed badly but no one was injured.

#### FIFTY YEARS AGO TODAY

(From The Daily Colonist of August 29, 1889)

The Kalopore Cup—Lieutenant Colonel Rennie, commandant of the Wimbledon team, reached Ottawa last Tuesday week bringing with him the Kalopore Cup. Colonel Rennie is delighted with the success of his men, for not only did they win the Kalopore Cup, but were successful in scoring more money prizes than has fallen to the lot of any Canadian team which has previously gone to Wimbledon.

Victoria Peaches—Mrs. Allan Francis has raised in her garden off Pandora Avenue, some very fine peaches. The fruit is well formed, of excellent flavor and has ripened well. This is another evidence in favor of the mildness of Victoria. The climate where such delicious peaches come to maturity must be genial. They could not grow and ripen in a locality where the frost was severe and the spring and summer weather chilly and ungenial.

Naval Notes—H.M.S. Acorn arrived at San Francisco on Wednesday morning and after a brief stay will sail for Esquimalt. The Acorn is a composite sloop of 970 tons, 1380 horse-power, carrying eight guns. Her commander is William E. B. Atkinson.

#### ACCIDENT VICTIM SERIOUSLY INJURED

Condition of Tobias Salveston, 837 Fleming Street, was reported serious at St. Joseph's Hospital yesterday.

He was injured in a traffic mishap in the 700 block on Esquimalt Road on Saturday night.

According to Esquimalt police, Mr. Salveston was struck by a car in charge of Nicholas Alexander, Reginald Avenue, Saanich, while the driver was passing a truck parked in the middle of Esquimalt Road.

Dr. F. C. Pace, R.C.M.C., attended the injured man before he was taken to the hospital for treatment by Dr. J. H. Moore. Mr. Salveston was stated to be suffering from fractured ribs and internal injuries.

##### A Lesson in Progress

While automobile houses may boast of the special advantages of the machines that they represent, all makes of autos have been "backed off the earth" as far as Victoria is concerned by one of a very ancient vintage which antedates all others encountered on the streets. This is a Ford which dates back to the very early days of automobiles in the city. Well preserved, but with little about it to connect it with the modern types, wherever it stops on the streets this pioneer attracts a crowd of spectators. It is undoubtedly the most popular car on the streets of Victoria today. It also affords a convincing lesson as to just what progress has been made in automobile construction within a comparatively few years—O.H.N.

##### New Experience

This is supposed to have happened in a Mainland police court. A hard-faced individual stood in the prisoner's dock charged with theft of property under the value of \$25. From his appearance, he was the sort of a man who could hide behind a corkscrew, and so crooked he had been unable all his life to shave with a straight razor. "Do you wish to give evidence in your own defence?" the magistrate asked. "Yeah," the burly gent replied as he staggered to the witness stand. "Do you promise to tell the truth, the whole truth, and nothing but the truth?" the court clerk droned. "Yeah," he replied anything once, the prisoner drew out of his pocket the side of his mouth. In the same court a motorist stood charged with driving in a manner dangerous to the public, contrary to the Criminal Code of Canada. "You knocked down a man who was waiting to board a street car. This is the third man you knocked down this year," the magistrate sternly remarked. "Pardon me, your honor. It is only the second. One was the same man twice," the motorist answered—G.B.

##### SUNSHINE CAMP

Sir—A letter of appreciation is due to the members of the Family Welfare Association of Greater Victoria. In their endeavors, one that stands out as an example of the good work that is carried out during the Summer season is the camp at Sooke, known as the Sunshine Camp. This camp is for the mothers and their young children who would never have the opportunity to get out into the large open spaces and enjoy two weeks health-giving and recreation from the crowded city.

My two-week holiday there was to me a revelation in the manner these mothers and their children recuperate in the time they were there. It was just like a large family getting together to enjoy that which Nature has provided for them. The children were in word in reference to the management of the camp. The ladies in charge take a delight in seeing that all are treated and cared for in a way that is a great credit to the camp. The ladies had the choosing of the site for this camp had an eye for beauty, located as it is on one of the finest beaches in the district, where the kiddies romp to their hearts content splashing in the pure sea water free from contamination. There is a flag-raising ceremony in the morning and at sunset where the kiddies sing the National Anthem. I could enumerate many more pleasures enjoyed and space will not permit. In the evening after all the children are in bed, the mothers meet in the large lounge around the big open fireplace and relax, and last, but not least, the meals are wonderful. In conclusion, I wish to thank all the ladies connected with the Sunshine Camp for the benefit I derived from same.

##### WORDS OF WARNING

New Cook "My last mistress, ma'am, was very quick-tempered. She'd flare up, call me names and then she'd say, 'I know, and the next minute she'd be sorry she had done so.'"

New Cook "That's right ma'am. And so will anybody else who calls me names."

##### ANTI-COMINTERN PACT

Sir—If there was ever a stroke of genius in diplomacy, let me say the astute manoeuvre engineered by the French and British delegates to Moscow which ended in the signing of the Russo-German non-aggression pact.

Russia thereby achieves the end to which she has long striven by the stroke of a pen. I refer to the breaking of the "anti-Comintern." The Allies have been ready with their wedge and are driving it effectively into the crack in the axis by offering Mussolini shares in the Suez Canal.

I hope I am not premature in assuming that this will be successful. The Italian, who really dislikes fighting now, finds himself lured into a major war by a ghost of anti-Bolshevik ideals and against coun-

#### Lament and Accompanying Ditty to Old Age

By SPY

Yesterday, while walking austere-ly towards the office, I observed an old schoolmate, and then promptly fell into the very bowels of misery and dejection.

For that "old schoolmate" was an "old schoolmate" and nothing more. So old and so decrepit did he look—well, I felt sorely tempted to follow him—just in case he dropped dead in the next block—in which case I'd have lain down beside him and died, too. Because that preambulatory "antique" was of my exact age, and in a moment, I bitterly realized that I looked just about as rickety and shaggy round the fetlocks as he—Yes, I realized in the sharp, acute moment that I'm no longer young, and that in my sad state of fast disintegration, the best I can do is to write an epic dirge in lament to myself before toddling quietly out to the cemetery, and then bribing a small boy or two to dig some sort of a hole into which I can comfortably disappear—for all time.

And now for my ditty:

"ANTIQUITY, I LOVE YOU!"

I creak when I'm walking.

I drool when I'm talking.

At breakfast, I snuffle and wheeze—Too blind to distinguish

Books—Yiddish or English, Or whether it's butter or cheese.

I'm hopeless at Tennis,

At Golf, I'm a menace.

At Bridge, I am always in trouble—My deepest fancies

Are nothing but messes—God knows what occurs when I "double"

What count, if I'm semi-demented, And senile, in every degree?

### OLYMPIC ALLEYS TO OPEN FRIDAY

Official opening of the season will take place at the Olympic Recreation bowling alleys Friday afternoon at 1 o'clock. All the runways have been renovated and have been brought up to specifications of the American Bowling Congress. Meetings of the various leagues will be held shortly to make plans for the opening of the schedules.

The inquisitive traveler saw an Irishman on a river bank, and watched him hauling up water. "How long have you been doing this?" asked the traveler. "Ten years, sir." "And how many bucketsful do you carry off in a day?" "Ten or fifteen, sir." "Dear, dear, now, how much water would you say you had carried since you started?" "All the water you don't see there now, sir."

## APOSTOLI IS FIGHT WINNER

Punches His Way to Victory Over Glenn Lee in Non-Title Bout

PITTSBURGH, Aug. 28 (P).—Fredie Apostoli, of San Francisco, punched his way to a decision in ten rounds tonight over Glenn Lee, of Los Angeles, the referee and one judge giving the nod to the middleweight champion from the Coast, while one judge called it a draw.

The bout was a non-title one, Apostoli weighing in at 160 1-2 and his opponent 162 1-2.

The battle started off like a slow freight through Arkansas, causing fans to yell for action. By the end of the fifth round many of the crowd of 17,000 began going home.

Apostoli ran up an advantage in the early rounds with infighting, and in the final four scored with heavier hooks and crosses.

Ken Overlin, the Irishman from Norfolk, Va., romped off with a one-sided victory over Al Wardlow, Youngstown negro, in ten rounds. He weighed 162 to Wardlow's 157, and felled his opponent in the third and fourth rounds.

### Brooklyn Recalls Fourteen Players From Five Squads

BROOKLYN, N.Y., Aug. 28 (P).—The Dodgers today recalled fourteen optioned players from Montreal, of the International League; Nashville and Memphis, of the Southern Association; Milwaukee, of the American Association, and Elmira, of the Eastern League.

The list included seven pitchers, topped by Lefty Wayne Lamaster, one-time Phillies' hurler, and Gene Schott, former Cincinnati Reds' twirler, three infielders, two outfielders and a pair of catchers.

## Ball Fixture Is Rained Out; To Be Played Tomorrow

Postponed last night because of wet grounds, the play-off game between the Navy and Cubs, second division ball nines, will be played tomorrow evening at Royal Athletic Park at 5:45 o'clock.

The semi-final series is at present tied at one game each and the winner of tomorrow's crucial fixture will open against the Eagles in the Humphreys Cup final, Friday, at the Caledonia Avenue ball lot.

## CLOSING SCORES IN O.C. CRICKET

LONDON, Aug. 28 (P).—Yorkshire improved its first position standing over Middlesex today with an innings and 11 runs victory over Hampshire in the English county cricket competition.

The scores: Hampshire, 116 and 116; Yorkshire, 243.

Close of play scores in other games started Saturday: Worcestershire, 368 and 58 runs for no wickets; Warwickshire, 317. Lancashire, 262 and 283; Kent, 182.

Surrey, 234 and 283 for four (Squires 123 not out; Middlesex, 189 (Edrich 110 not out). Gloucestershire, 395 for nine, declared (Hammond 153); Nottinghamshire, 190 and 67 for one wicket. Essex, 206 and 304 for five, declared; Northamptonshire, 173 and 47 for four.

Glamorgan, 334; Leicestershire, 253 for eight (Watson 121 not out). Somerset, 211 and 182; Derbyshire, 134.

## City and District

**Is Sentenced**—A man was sentenced to twenty days at hard labor when he was convicted in the Esquimalt police court yesterday of being intoxicated in a public place.

**Directors to Meet**—A meeting of the board of directors of the Victoria Junior Chamber of Commerce will be held on Friday afternoon at 2 o'clock.

**Ball Fixed**—Yama, Japanese, was charged in the city police court yesterday with stealing \$80 from C. L. L. Magistrate Henry C. Hall fixed bail at \$1,000 and remanded the accused until this morning.

**Curb Work**—Progress is being made on the pouring of concrete for curbs on Pandora Avenue, from Fernwood Road to Oak Bay Junction. The street is to be regraded and resurfaced.

**Is Recovered**—Peter Tantz, Wilkinson Road, informed police yesterday that an electric air compressor had been stolen from a new dwelling on Balfour Avenue. Police later recovered the machine.

**Is Remanded**—Charged with being intoxicated on Johnson Street, an old offender pleaded in the city police court that two pills for influenza and two drinks caused him to become dizzy. He was remanded until this morning for sentence.

**Club Entered**—A thief gained entry to a whist club in the old postoffice building on Government Street by climbing a pipe and opening a window during the week-end. An automatic amusement machine was found smashed open.

**Is Released**—Joseph Lennox pleaded guilty in the city police court to a charge of begging. When he convinced the magistrate that he had secured a job, sentence was suspended and he was released on his own recognizances in the sum of \$50.

**Not for Esquimalt to Say**—Members of the Esquimalt Council felt that a communication from the City of Victoria, regarding pollution of the Gorge waters, was a matter for the Provincial board of health, when it was received at their meeting last night. The city suggested that a committee of Dominion and Provincial authorities, Esquimalt, Saanich and Victoria municipalities and their engineers make a survey of the Gorge waters in an endeavor to devise some comprehensive scheme to remedy the situation.

**Appointed Delegate**—Reeve Alex Lockey was appointed official delegate of the Municipality of Esquimalt to the Union of British Columbia Municipalities, by the council at its meeting last night. The convention will be held at Harrison Hot Springs about the middle of next month.

**Truck Damage**—In a letter to the City Council, Stuart Henderson stated that damage to Anthony Knowles' truck, sustained on August 23, would be in the neighborhood of \$750. The machine was damaged by Chinese picketers and white sympathizers while attempting to transport scrap iron to a wharf at the foot of Yates Street.

**Year in Prison**—Mark Everts and Maitland Cassie, represented by Stuart Henderson, pleaded guilty in the city police court to a charge of stealing an automobile from Dr. Gordon Kenning on August 25. They were each sentenced to serve one year in prison at hard labor. Detective William Stark gave evidence. Accompanied by Constable C. F. G. Pearce, he located the stolen machine in Saanich.

**Endorse Brief**—The Esquimalt Council last night endorsed a brief, submitted by the City of Victoria, asking enabling legislation from the Dominion Government for municipalities to condemn and remove any houseboat in harbor waters considered to be a nuisance. R. W. Mayhew, M.P., will be acquainted with the council's approval, and will be requested to take the matter up with the proper authorities.

**KELLOGG'S** unswerving policy has been to give maximum value of quality products. At the same time, it has long followed a consistent course of bringing its story into Canadian homes... from Halifax to Vancouver... through Canadian daily newspapers.

The newspapers of Canada have been an immense force in making the name "Kellogg's" one of the best and the most trusted names in Canadian homes.

Indeed, they have done far more than that!

## THREE THINGS YOUR BREAKFAST MUST DO...

**1. Wake your system up!**

**2. Keep you going until lunch!**

**3. Get a head start with Kellogg's!**

An entirely new story about breakfast is presented in Kellogg's 1939 newspaper advertisements.

By greatly increasing the demand for Kellogg products, they have made it possible for the Kellogg Company to introduce increasingly better methods of cereal manufacture... higher and higher quality products... ever more sanitary packaging, which brings these cereals oven-fresh to Canadian kitchens.

With all this emphasis on quality, the Kellogg Company has kept down prices to the consumer so that—amazing as it may seem—Kellogg's Corn Flakes, Canada's most popular breakfast, actually cost less than one penny for a generous serving!

### Old-Timers Celebrate Golden Wedding Day

Sunday, the occasion of their golden wedding, was a happy day for Rev. F. L. Stephenson and Mrs. Stephenson, Bee Street, when more than one hundred friends called to extend their congratulations and good wishes. In addition to verbal messages, good wishes were cable and wired from a host of friends, some as far distant as New Zealand, while masses of beautiful flowers and other tangible gifts further testified to the widespread interest in the happy occasion.

**MARRIED AT METCHOSIN**  
The golden wedding couple's marriage took place in St. Mary's Church, Metchoin, on August 27, 1889. Mrs. Stephenson being the eldest daughter of Mr. and Mrs. W. Fisher, of "Ferncliffe," Metchoin, who arrived from England, via Cape Horn, in 1864. The late Canon Arthur Beaulieu officiated at the wedding. Mr. Stephenson, who was ordained just a few months prior to the wedding, has served more than fifty years in various Anglican dioceses of British Columbia, with the exception of the two and one-half years he spent overseas as chaplain during the Great War, leaving here with the 103rd Battalion, and crossing to France with the 49th Edmonton Battalion.

The reception rooms were a bower of flowers and Mrs. Stephenson received with her husband, wearing a navy blue and white gown, with hat to match, and a gold bracelet which was worn by her mother on her golden wedding day.

**FAMILY PRESENT**  
Assisting in receiving were the members of their family, including a daughter, Mrs. Jack Ashby, of Duncan, with her husband and daughter, Rowena; a son, Mr. Cyril Stephenson, of Duncan, with his wife and two children, Barbara and Gerald; a younger son, Mr. Daryl Stephenson, of Nanaimo, with his wife and five children, Prudence, Norah, Richard, Michael and Ruth Frances; and a daughter, Mrs. H. S. McLeod, of Vancouver, with Patty Ann. Another daughter of the venerable couple, Mrs. Gerald Mills, of Winnipeg, was unable to be with them.

Mrs. Cyril Stephenson and Mrs. Daryl Stephenson presided at the tea table. In the centre was the three-tiered wedding cake, decorated in gold, with golden gladioli blossoms encircling its base, and four vases of Iceland poppies.

Col. Walter Bapty proposed the toast to the bride and bridegroom of fifty years ago. In responding, Mr. Stephenson proposed the health of Mrs. Stephenson's sister, Mrs. T. W. Dunn, of Duncan, and Mr. Dunn, who were present and were that day celebrating the forty-third anniversary of their wedding.

Mr. Henry Fisher, of View Royal, a brother of Mrs. Stephenson, with Mrs. Fisher and Miss Peggy Fisher, were also guests at the gathering, together with other nieces and nephews of the host and hostess.

### Oak Bay Firemen Planning Dance

The Oak Bay firemen's first annual ball will be held at the Royal Victoria Yacht Club on October 6, beginning at 9 p.m. Supper will be served at midnight and dress will be formal. A committee of four members of the fire department, Messrs. Harry Bates, Bill Pearson, Norman Stewardson and Gordon Lay, will be in charge of the dance and are now busy with the sale of tickets and plans for novel decorations.

It is planned to hold a ball annually, the proceeds of which will go towards a benefit fund. Tickets for the ball are obtainable only from members of the Oak Bay fire department.

### ENGAGEMENTS

**EDWARDS-RELF**  
Mr. and Mrs. A. E. Relf, 1022 Southgate Street, announce the engagement of their youngest daughter, Jessie, to Mr. Reginald Byron Edwards, eldest son of Mr. and Mrs. H. Edwards, 2714 Cedar Hill Road. The marriage will take place quietly in Christ Church Cathedral on September 19, at 8:30 p.m. Rev. E. W. Slater officiating.

### SHIRLEY CARD PARTY

Prize winners at the card party held recently by the Shirley Community Association were Mrs. M. A. Clark, Mrs. T. E. Cross, Ray and Douglas Clark, Mrs. Stanley Clark, Mrs. W. J. Milligan, Messrs. E. Bander, E. Robinson and S. P. Clark.

### Club Girls Taken For Boat Cruise

The girls of the "Omphalee Club" spent an enjoyable day at Chatham Island when hiking, swimming and boating made up a happy day in the out-of-doors. The party of eighteen left the Oak Bay boathouse at ten in the morning and returned at sunset. Included in the party were Miss Violet Morris and Miss Mary Wright, who are on holiday in Victoria. During the supper hour the two visitors told the group something of the club work in Winnipeg Y.W.C.A. and of their interest in swimming pool activities there.

Another party of Y.W.C.A. girls left the Oak Bay boathouse at 10 a.m. on Sunday. This group of twenty-six was beginning a trip with Captain Beaumont to Galiano Island, where the Y.W.C.A. camp is situated. A visit was made to the camp, where junior girls are now enjoying camp life and a tour of the grounds was made. Some of the girls joined in the regular swimming period with the campers. Included in this party was Miss Helen Cornwall, St. Catherine's. Miss Cornwall is a member of the board of directors of the Y.W.C.A. in that city.

The final in the series of Summer outings, a grand finale beach fire and corn roast will take place at one of the popular Dallas Road beaches on Thursday evening. The group will assemble at the Y.W.C.A. at 7:15 o'clock and proceed together to the beach.

The boat trips have proved so popular that an effort is being made to arrange a "moonlight cruise." All former club girls and any others interested are reminded that "open night" will be held at the Y.W.C.A. on Thursday, September 28. This will be the beginning of all Fall and Winter activities for the senior department.

### Clubs-Societies

**King's Daughters**  
After a two-month recess, the King's Daughters yesterday resumed monthly meetings with a session devoted to routine business. The restrooms in the Hibben-Bone Building, opened a little more than twenty-five years ago as a place where business girls could spend the lunch hour and supplement their sandwiches with tea or cocoa, were reported to have been much in use during the Summer months, with an average daily attendance of about sixty. The girls had appreciated the free run of the four comfortably furnished restrooms and the use of the kitchen, this being a common enterprise to which all circles of the King's Daughters give support—the Ministering Circle, the Hawthorne, Ready-to-Help, Speedwell, Fellowship L. H. Hardie, and Jubilee (junior). The order received with regret the resignation of the secretary.

### CHOICE NOW RESTS WITH NAZI CHIEF

Continued from Page 1  
Poles, it is pointed out, while thundering threats of violence at them, impression in circles close to the Government was that the British message restated London's policy in terms which left Hitler these choices:

1. Agree to negotiate the German-Polish dispute in a peaceful atmosphere and in a manner giving assurance Poland's independence would be respected both in any settlement and afterward.
2. Enter into negotiations with Great Britain and other powers for a general political and economic settlement which would restore normal conditions to Europe; allow nations large and small to live in peace, and insure Germany reasonable "living space" for her people.
3. Postpone any decision on his claims against Poland for return of Danzig and the Polish Corridor to Germany.
4. Face the combined forces of Great Britain, France and Poland if he attempts to settle these claims by force.

### KEEP NOTES SECRET

Publications of outlines of both Hitler's communication and the reply, which was down to Berlin late today by Sir Neville Henderson, British Ambassador to Germany, had been expected tonight, but official sources said it now was unlikely they would be made public before tomorrow at the earliest.

Unless there has been some response from Berlin by that time, the Prime Minister was expected to deal cautiously in Parliament tomorrow with the exchange of communications.

The British press, with almost one voice, declared the note had come for a definite "showdown" relieving Europe of the tension of the last few years.

The British Cabinet was said reliably to be fully united on the stand it had taken and in circles close to the Government there was said to be a complete absence of sentiment within the Cabinet for any form of "appeasement" unless Germany showed a willingness to abandon her present policy.

There was talk in political quarters about a possibility that Mr. Chamberlain would reconstruct his Cabinet, bringing in such "anti-appeasement" Conservatives as Winston Churchill, Anthony Eden and Alfred Duff Cooper.

But the best informed opinion was that such a reconstruction would await the actual outbreak of war—if war came—and that leaders of the Labor and Liberal Opposition parties likewise would join any "war cabinet."

**CONFERS WITH KING**  
The Prime Minister went to Buckingham Palace and spent more than an hour with the King. War Secretary Leslie Hore-Belisha also went to the palace.

Viscount Halifax, Foreign Secretary, went back and forth from the Foreign Office to 10 Downing Street, the Prime Minister's residence. Chairs and other small furnishings were also being moved.

### Announce Wedding Plans NO COMMENT FROM HITLER

MISS GLADYS LINDSAY  
Mr. and Mrs. D. J. Lindsay, 395 King George Terrace, announce the engagement of their only daughter, Gladys, to Mr. Victor Zala, elder son of Mr. and Mrs. H. T. Zala, 2265 Lydia Street. The wedding will take place on September 30, in the Metropolitan United Church at 8 p.m.

lary, Mrs. R. A. Playfair, whose place has been filled until the end of the year by Miss Elizabeth Gill, Mrs. L. H. Hardie and Miss K. Roberts reported having visited Sunshine Camp, where the order maintains a cottage for the use of holidaying mothers and children. Preliminary arrangements were made for the Fall bazaar, which will be held in November on a date to be announced later. The next meeting, it was decided, will be an evening meeting, at which the new Y.W.C.A. secretary, Miss D. Jones, has been asked to speak. The meeting passed votes of sympathy to several of the members who had suffered bereavement during the Summer.

**Order of Amaranth**  
The Royal Club, Order of Amaranth, will hold a card party tonight at the home of Mrs. Nelly Kelly, 1357 Esquimalt Road, at 8:15 o'clock. Whist and five hundred will be played. There will be prizes and refreshments.

**School children** went through a dress rehearsal in London and thirty other cities for quick evacuation to the country if necessary.

Lord Halifax left the Prime Minister's residence at 7:40 p.m. (12:40 p.m. M.S.T.), and returned to the Foreign Office.

Police said members of the British Fascist party distributed bills to several hundred people who waited in Downing Street. These read: "Our generation must not die like rats in Polish holes."

Arthur Greenwood, deputy leader of the Opposition, made his fourth call at the Prime Minister's residence since the crisis. His visit lasted fifteen minutes.

**CUT TRAFFIC ON FRONTIER**  
Continued from Page 1  
Poland was estimated to have at least 1,000,000 men under arms.

Polish sources reported the German school ship Schleswig-Holstein anchored in Danzig Harbor had changed its position so its 11-inch guns were trained directly upon Gdynia, Poland's seaport opposite the Free City.

Polish sources reported fresh Polish-Nazi incidents in Danzig, including arrests of two Polish customs inspectors on a charge they had tried to destroy barbed wire constructions. The beating of a number of Polish railwaymen by Danzig storm troops was reported also.

### NO COMMENT FROM HITLER

Continued from Page 1  
There was no cheering for either Hitler or the ambassador.

The quiet Germans, all of whom got certificates yesterday rationing food on a wartime basis, seemed deeply impressed by the seriousness of events.

The British Embassy, where everyone was in a sober mood, could say nothing of the ambassador's plans.

But immediately after arriving last night, Sir Neville asked that his plane be kept in readiness for a return to London, possibly today.

Foreign Minister Joachim von Ribbentrop participated in the interview. Dr. Paul Schmidt was interpreter.

**MIND IS MADE UP**  
Nazi political circles had said last night that Hitler has made up his mind to be adamant in his demand for Danzig and the entire Polish Corridor.

"If others want peace, they will have to bring it,"

Germany is willing to negotiate, these quarters said, but "the only way negotiation is possible is for Britain and France to put pressure on Poland to cede Danzig and the Corridor."

This will be necessary, it was intimated, regardless of how negotiations might take place—either direct or through a mediator.

Food cards came into use for the first time in the Reich today, and housewives rushed to buy all they could of materials not yet rationed.

Only thirty-four railway trains left the capital today compared with the hundreds that customarily depart. Airplane transportation was uncertain. Trains ran only to border points.

The only basis for negotiation acceptable to Hitler, Berlin political quarters said, was the proposal made by President Woodrow Wilson in 1918, according to which Poland was to be given only such territory as was inhabited by Poles, and free access to the sea.

The thirteenth of Wilson's famous fourteen points on January 8, 1918, called for establishment of "an independent Polish state . . . which would include the territories inhabited by indisputably Polish populations, which should be assured a free and assured access to the sea, and whose political and economic integrity should be guaranteed by international government."

**GERMAN ARGUMENT**  
The German argument ran that Poland got territory inhabited by more than 50 per cent Germans, and that the "free access to the sea" provisions did not mean Poland should get it by a grant of territory where such would involve inclusion within Poland of Germans. The Germans say this free access could be provided for Poland through internationalization of the Vistula River.

Germany demands what now is Polish territory from the Baltic Sea southward to between Bialystok and Posen. This region right after the war, it was said, returned a majority of German votes.

In addition to these territorial claims, Germany wants Poland to bind herself to a "just treatment of minorities."

The Nazi proposals would take the Harbor of Gdynia from Poland, but would leave that country the big provincial city of Poznan, which lies on the main railway connecting Berlin and Warsaw. The line would be drawn somewhere between Poznan and Bydgoszcz.

Information tonight indicated one main purpose of the Fuehrer's letter to the French Premier was to establish war guilt—if war is to come.

"In his answer to the French Premier, which speaks for itself, the Fuehrer laid down the moral, political and legal basis of the German nation in a document of historical and moral greatness. In case the nation is forced to defend its right with the sword," the Boersen Zeitung said in an inspired editorial.

"Without a solution of the question in the East," the editorial said, "Europe never again will have quiet."

The strategic position of Germany was bettered by the German-Russian non-aggression pact, the paper said. "The threat of a blockade is no longer a trump card."

**DUCE AS MEDIATOR**  
ROME, Aug. 28 (AP)—Premier Mussolini stood by tonight ready to mediate the diplomatic conflict between Berlin and London over Germany's demands on Poland.

Italian newspapers reported that a Government "which did not name," had appealed to the Duce to intervene. At the same time they reported an "increased doubt of a negotiated solution."

Fascists said some change in positions might result from the British reply to Hitler's peace proposals to London. Europe, they said, was awaiting an "act of mediation," but they warned "no bright hope" should be drawn from the present waiting period.

Hitler has demanded Danzig and the Polish Corridor. Italy has been demanding, as a need and right, advantages in Tunisia, the Suez Canal, and Djibuti.

A decree signed by Mussolini forbade all civil aircraft, except those operating on regularly scheduled commercial services, to fly over Italy or Italian colonial territory.

# Social Activities and Notes of Personal Interest

## Social and Personal

### In Vancouver

His Honor the Lieutenant-Governor and Mrs. E. W. Hamber are spending a few days in Vancouver, where His Honor opened the Vancouver Exhibition yesterday, and where he will fulfil a number of other official and private engagements.

### Surprise Party

In honor of Mr. and Mrs. Norman West, Rainbow Road, Salt Spring Island, a surprise and farewell party, organized by several of their friends, took place recently. On arrival at their home of about twenty unexpected guests, Mr. and Mrs. West were presented with a lovely silver rose bowl and a bouquet of asters in appreciation of Mr. West's eight years on Salt Spring Island as a teacher at the Ganges Public School and also as a parting gift on the occasion of their departure from Ganges, to make their home at Sidney. The enjoyable evening was spent playing bridge and a buffet supper, provided by the guests, was served. Those responsible for the gift, most of whom were present, included Mr. and Mrs. Jack Abbott.

Mr. and Mrs. Jim Akerman, Mr. and Mrs. Alan Cartwright, Mrs. C. Devine, Mr. and Mrs. J. Foubister, Mr. and Mrs. M. Gardner, Mr. and Mrs. D. Goodman, Mrs. V. Henn, Mr. and Mrs. Laurie Moust, Mr. and Mrs. Colin Moust, Mrs. G. Trotter, Misses Jean Moust and Jean Stewart, Mrs. W. Moust, Mr. and Mrs. West leave Ganges on Thursday next, the former having been appointed to the Sidney Consolidated School.

### Bon Voyage Party

A farewell party was held on Saturday evening, at the home of Mr. and Mrs. R. Evans, Chapman Street, by the young people of the Welsh Society, in honor of Miss Cecelia Lewis, who will leave next month for England, where she will be married. Miss Lewis was presented with an aeroplane suitcase by Mr. T. Thomas, on behalf of the young people. Games and singing were enjoyed and refreshments were served from a table centred by a bowl of roses. Asters, gladioli and chrysanthemums were used effectively in decoration of the room. The guests were Mr. and Mrs. J. Mason, Mr. and Mrs.

W. C. Williams, Mr. and Mrs. J. Williams, Mr. and Mrs. R. Brown, Mr. and Mrs. R. Evans, Mr. and Mrs. L. Prior, Mr. and Mrs. W. Hill, Mr. and Mrs. M. Lane, Mr. and Mrs. B. Randa, Mr. and Mrs. B. Rock, Mrs. C. Jones, Mrs. M. A. Lewis, Mr. R. T. Williams, Mr. and Mrs. A. Pedneault, Misses A. Mason, R. Mason, E. Williams, I. Evans, E. Evans, E. Draper and Messrs. Bob Thomas, H. Jeffreys, L. Cannon, D. Evans, Sr., D. Evans, Jr., E. Lewis, T. Lewis, E. Munroe, S. James and L. Evans.

### Golf Club Dance

The annual golf club dance which took place last Friday evening at "Barnsbury," Salt Spring Island, proved a great success. It was organized by Mrs. D. K. Crofton, Mrs. Fred Morris, Miss Daisy Evans and Mr. J. M. Napier, the entertainment committee, and was attended by 120 members and their friends. The dancing room and veranda were attractively decorated with varicolored lights. Colored lights were also strung amongst the trees in the garden and around the lawn and lily pond. The music was supplied by an orchestra from Victoria and the rooms of the clubhouse were prettily arranged with mauve and pink asters. During the evening darts and throwing were in progress on the veranda, the games being in charge of Mr. J. M. Napier. Supper was in charge of Mr. George West.

### Miscellaneous Shower

Mrs. George Alexander and Miss Lillian Lee were hostesses at the home of Mrs. Alexander, 1224 Caledonia Avenue, on Friday evening, when Miss E. Raymond was the guest of honor at a surprise miscellaneous shower. Little Patricia Alexander presented the bride-to-be with a bouquet of roses and sweet peas. The gifts were concealed in a mauve and yellow basket. The invited guests were Messdames G. Alexander, Sr., T. Black, J. McClelland, T. Tomlinson, V. Hemming, B. Alexander, C. Hemming, Sr., G. Brown, L. Hunt, A. Lee, Misses P. Coles, E. Bridges, E. Black, P. Alexander and D. Lee.

### Hostess at Tea

Mrs. Jack Wilson, Mount Baker Court, was hostess at a delightful tea and kitchen shower on Sunday afternoon in honor of Miss Catherine Alexander, who is marrying to Mr. W. S. Fraser will take place on Saturday. The reception rooms were gay with gladioli in a variety of colors. The gifts were presented to the bride-to-be in a basket decorated with blue and white-colored crepe paper. Mrs. Wilson poured tea. The guests were Messdames Donald Fraser, Alfred Slocomb, D. Gillan, Noyah Butcher and Leslie Smith, and Misses Bessie and Olive Milne, Gertrude Wood, Ruth Pedlingham and Marion Alexander.

### To Hold Reception

Mr. and Mrs. Hubert Thorneit, East Sooke, will celebrate the twenty-fifth anniversary of their wedding with a reception to their many friends, at the Hampton Court Hall, off Burnside and Tillicum Roads, on Wednesday, September 27, at 8 p.m. Mr. and Mrs. Thorneit were married at St. John's Church, Victoria, by Rev. Canon Chadwick, and have been residents of East Sooke for some years. Mrs. Thorneit is the daughter of the late J. Maycock and of Mrs. Maycock, Victoria.

### Pleasant Evening

Miss Edith Barlow and Miss Adeline Sangster entertained recently at their apartment on Collinson Street, in honor of Miss M. Kelly, who is to be married next month. Gladioli decorated the rooms, and a pleasant time was spent playing Chinese checkers. During the evening Miss Alexander was presented with a silver reliquary dish from her friends present, Misses Winnie Currie, Hazel McCall, Violet Kemp, Marion Alexander and Betsy Armstrong.

### Visited Here

Mrs. T. Kelly, of Belfast, Ireland, with her son and daughter, Basil and Mona, visited Mr. and Mrs. W. McCague, Graham Street, while on their way from the New York and San Francisco's World's Fair. The visitors were much impressed with the scenic beauty of this part of the world. They renewed acquaintance with a great many old Irish friends on the way. Basil Kelly is studying law and Miss Mona Kelly is studying medicine at Trinity College, Dublin.

### Farewell Party

In honor of and as a farewell to Marlene West who is leaving this week for Sidney, Mr. and Mrs. J. Foubister entertained about fifteen children recently at their home, Rainbow Road, Ganges. The afternoon was spent in the playing of various games and when tea was served the little guest of honor was presented by her friends with an attractive little butterfly-wing pendant.

### Engagement Announced

Victoria friends of the bride and groom-to-be will be interested in the announcement of the engagement of Eva Virginia, only daughter of Mrs. Lefurges, of Vancouver, and the late Mr. A. A. Lefurges, Ltd., of Prince Edward Island and Vancouver, to Mr. Second Lampman, only son of Mr. and Mrs. O. D. Lampman, of Vancouver.

### From Cecil Lake

Miss Christine L. J. Clark, R.N., who is in charge of the Red Cross Outpost Hospital at Cecil Lake, B.C., is spending a vacation with her parents, Mr. and Mrs. Edwin Clark, Miss Clark will return to her duties in September. Cecil Lake is eighteen miles north of Port St. John, in the Peace River area.

## Tailored Details on Fall Fur Coats

Designers have invented new colors, utilized new furs and whipped up new styles that are more flattering than ever in this season's fur coats. Three selections are shown. The ocelot cape has a deep yoke and squared-off shoulders. It is the skirt of a full-length fitted coat, zippered off the top and onto the sash. The Alaskan seal skin is a favorite with the younger set. It is full-length "swing swagger," made along great-coat lines with wide shoulders. The platinum caracul is box cut, collarless with turned-back band revers. The jockey hat is made of black felt.

### Visiting Mother

Mrs. Seymour Towell, with her three young children, has arrived for a few days' visit with her mother, Mrs. A. W. McCurdy, Malahat Park. ### EAGER TO LEARN

A new recruit to the army was strolling along Whitehall, when his gaze suddenly fell upon one of the two stately mounted sentries of the Horse Guards. Instantly he pulled his lanky figure up to its full height and, standing at attention, saluted the Life Guardsman. The latter, after viewing the antics of the recruit with amusement, said: "a contemptuous undertone. 'What are you saluting me for, you fool? I'm not an officer. I'm only a private.'"

"Garn! I know that right enough," replied the other. "You see, it's like this 'ere, matey! I've only just 'joined, an' anything does to practise on!"

**VETERAN PAIR IN GOLF WIN**

Ed Dudley and Billie Burke

Capture Hagen Invitation Tourney

CHICAGO, Aug. 28 (AP)—Ed Dudley, of Philadelphia, and Billie Burke, of Cleveland, wrote golf history at the Midwestern Country Club course by winning the Walter Hagen anniversary tournament with a final rating of "plus 19."

It was the most decisive best-ball tournament margin in the game's history, and a new scoring record for that type of event.

In the final thirty-six-hole programme of the four-day 126-hole grind, they defeated Dick Metz and Byron Nelson, the United States open champion, 3 up during the morning, then smashed back this afternoon with a 6-up triumph over Tommy Armour and Jimmy Thomson.

In winning first money of \$1,150 Dudley and Burke, extreme long shots in the betting, had these best-ball rounds: 65, 62, 66, 63, 62, 64. They scored fifty-one birdies.

**PAT FLETCHER WINS**

EDMONTON, Aug. 28 (AP)—Eddie Shore and Leroy Goldsworthy, a pair of professional hockey players, were turned back, 6 and 4, in their attempt to lift the Eaton Golf

Trophy from Ted West and Pat Fletcher of the Mayfair Club.

Fletcher substituted on the defending team for Bob Procter. Fletcher's home town is Victoria, B.C.

**WEIRD MYSTERY FILM OPENS HERE**

"Miracles for Sale" is Detective Story With Florence Rice and Robert Young

Weird murders and fantastic mystery seem a long way from the poetic muse, but they're not in the case of Florence Rice. While the blonde actress was playing the lead opposite Robert Young in "Miracles for Sale," strange detective mystery laid among magicisms and clairvoyants, she wrote sentimental poetry between scenes.

The picture, which is replete with magic/ghost materializations and other thrills, will open today at the Dominion Theatre.

It was so weird that I just turned to writing poetry to relax a mental strain," says Miss Rice. "It really inspired the poetry."

**ATLAS** Imagine Maxie Rosenbloom as a combination cook, butler and valet who cleans ashtrays with a vacuum cleaner. Imagine Helen Broderick as "Lizette," and Zani Pitts "asking it" on the harp, and you have a small idea of the high links that go on in "Naughty but Nice," at the Atlas Theatre.

## BILLY EASTER RACE WINNER

Jockey Rex Young Rides Mount to Feature Victory At Hastings

VANCOUVER, Aug. 28 (CP)—Jockey Rex Young rode Billy Easter to a two-length victory over Spangle Hen in the mile-and-one-sixteenth feature race at Hastings Park today.

The horse led from wire to wire to cover the route in 1:52.3-5 and pay \$5.20, \$4.05 and \$3.05 for a \$2 pari-mutuel bet. Spangle Hen paid \$5.80 and \$3.20, and Arabian Love, third, was worth \$4.20.

Two dead heats were run today. Legato and Dr. Pills finished neck and neck in the third to capture first place, while Tetrolnik and Mr. High shared the show spot in the fourth event.

A heavy rain made the track muddy.

The daily double, from Pass Up in the opener to Sable Gift in the second, paid \$19.35.

## Performing for Star

Clayton Rawson, famed master of magic, illustrates a few tricks to Florence Rice bearing his name and competed for annually in the international salmon derby at Brentwood, will still rest in the British Columbia capital, despite efforts by visiting Port Angeles fishermen to take it away.

Sunday, Cyril "Cy" Bernard, ardent local angler, won the coveted silverware, making a clean sweep for Victoria fishermen since the trophy was first presented, when he landed a twenty-eight-pound-twelve-ounce spring salmon at Brentwood. The catch was the largest during the day, and brought

## NINE TENDERS ON ROAD WORK

Reconstruction on Trans-Canada Highway Subject Of Bids This Week

Nine tenders were opened by the Provincial Government yesterday for a mile and a half of road reconstruction on the Trans-Canada Highway, commencing at Mile 195. Tenders were opened by Arthur Dixon, deputy minister of public works, and were announced as follows:

Murphy Cartage & Excavating Company, \$17,102; E. R. Taylor Construction Company, Ltd., \$20,762; W. O. Arnett & Company, Ltd., \$17,318; General Construction Company, Ltd., \$18,328; Coast Quarries, Ltd., \$18,146; Dawson, Wade & Company, Ltd., \$16,521; J. E. Morton, \$21,682; Dan McKenzie, \$19,158; and R. R. Christie, \$18,495.

Early next month tenders are returnable on two small Government buildings, and some additional road work in the interior.

### That Body of Yours

JAMES W. BARTON, M.D.

OVEREXERCISE AND OVEREATING MAY CAUSE FATAL HEART ATTACKS

A well-known heart specialist, Dr. John Oille, Toronto, told the members of a service club that patients with coronary thrombosis (blood clot blocking a vessel supplying heart with blood) often died in their sleep and not immediately following severe exertion or the eating of a large meal. By this he did not imply that severe exertion or a large meal did not bring on the attack, but that the attack did not

always immediately follow severe exertion or heavy eating.

More recently, Dr. J. C. Patterson, Regina, Saskatchewan, points out in the Journal of the American Medical Association that it has been the common belief that overexertion or intense emotional distress has a direct bearing on the fatal attack of coronary thrombosis, whereas his findings are that while overexertion and emotional distress with their great rise in blood pressure, may produce the coronary thrombosis, they do not "immediately" cause death.

From his studies of these cases after death, Dr. Patterson finds that the clot from the bleeding of torn blood vessels forms gradually, possibly taking several days before it completely obstructs the blood vessel.

It can be understood, then, why the patient is put at complete rest for four to six weeks after an attack of coronary thrombosis. By lying quietly and eating small meals, very little work is put on the heart, the clot gets a chance to gradually become absorbed and so the blood is able to flow into the vessel and so supply the nearby muscle. This increase of its blood supply enables the heart muscle to do more work and the patient is enabled to get up and about again.

I believe we should all be familiar with the above findings. When we find that an individual has a fatal attack of coronary thrombosis and has not overexerted himself or over-eaten for a number of days previous to his attack, we are apt to think that overexertion or over-eating are not dangerous. They are dangerous but, as pointed out above, the obstructing clot of blood may take days to form.

### RETURNS TO OFFICE

OTTAWA, Aug. 28 (C.P.).—Major-General L. R. LaPierche, deputy minister of national defence, who went on a month's sick leave two weeks ago, returned to his office today. The deputy was still under the orders of his physician.

## ARMED ROBBER GETS NO LOOT

William—Chisholm, North-western Creamery, Foils Attempt to Steal Cash

Presence of mind on the part of William Chisholm, 1323 Arm Street, night foreman at the Northwestern Creamery, Ltd., 1015 Yates Street, frustrated the attempt of an armed bandit to secure the firm's cash at 4:30 o'clock yesterday morning.

Mr. Chisholm was in a small office at the rear of the plant when a man, wearing a black mask over the lower part of his face, walked through the back door with a pistol in his right hand.

Pointing the weapon at Mr. Chisholm, he commanded him to put up his hands and reveal where the money was kept. With great presence of mind, the night foreman indicated a safe he knew held no cash.

Finding the safe empty, the burglar walked swiftly out of the dairy and disappeared in an easterly direction on View Street.

Mr. Chisholm lost no time in telephoning police, and was able to give a good description of the armed robber to Detective William Stark, Sergeant Roy Woolsey and Constables John Howe, Harry Mercer and Louis Callan. They thoroughly combed the neighborhood without results.

## KEEPERS OF GRAVES RETURN TO ENGLAND

LONDON, Aug. 28 (CP).—Having arranged with the German War Graves Commission for the care of graves of British soldiers in Germany, the caretakers of British Great War cemeteries in the Reich are returning to Great Britain, the Imperial War Graves Commission announced today.

There are two British military cemeteries in Berlin and others at Cologne, Hamburg and Cassel.

## SHOOTING IN CHAMBER

SANTIAGO, Chile, Aug. 28 (AP).—One deputy was reported wounded today in a shooting affray in the Chilean Chamber of Deputies. The cause of the outbreak and other details were not immediately made known. Santiago was the scene on Friday of a military revolt which the Government quickly suppressed.

## INSURANCE MEN TO MEET HERE

Leaders' Club of Mutual Life Of Canada to Open Convention Today

Leading salesmen of the Mutual Life Assurance Company of Canada gathered at the Empress Hotel yesterday for a three-day convention that will include business talks and pleasure trips, a reward for insurance business written during the year.

Two conventions are held yearly for members of the "leaders' club" of the company, one in the East and one in the West, explained A. E. Pequegnat, Waterloo, assistant general manager. Western members of the club attending this convention come from all cities from Winnipeg to the Pacific Coast. There will be between forty and fifty of the company's top-flight salesmen present when sessions begin today.

IS OPTIMISTIC  
Mr. Pequegnat was optimistic about the Canadian business outlook. "The entire business situation in Canada in recent months has been encouraging—there has been no decidedly marked change, but the whole movement is in an upward direction," he said.

He thought the Prairie crop prospects had benefited from recent rains and cooler weather. "Three weeks ago crop estimates were falling, but reports now indicate they are rising again. I certainly found a feeling of optimism about the crop situation," he stated.

PRESENTATION OF AWARDS  
Today's morning session includes presentation of awards and an address on "Profitable Programming" by G. T. Harris, Edmonton. A discussion under the title "Information, Please" will be led by George Dunbar, assistant superintendent of agencies.

Executives from the head office of the company at Waterloo include Mr. Pequegnat, W. Carlisle, superintendent of agencies; Mr. Dunbar, and J. M. Laing, actuary.

Fred M. McGregor, manager of the Victoria branch, and members of its staff will act as hosts to their visiting colleagues, and are arranging a series of entertainments and sight-seeing drives.

## ESCAPE INJURY WHEN CARS SKID

Three Persons Unhurt After Two Cars Left Saanich Road Yesterday Afternoon

Three persons escaped serious injury, if not death, yesterday afternoon when two cars left the Saanich Road near the top of Rithet's Hill. The first hard rain for many weeks made the road extremely slippery and several cars had difficulty rounding the turns.

About 2 o'clock a car driven by Mrs. Ronald Heater, 2514 Prior Street, skidded on the wet pavement and turned on its side, according to a Saanich police report. Neither Mrs. Heater nor the passenger in the car was hurt.

Two hours later another automobile which police said was driven by William C. Holt, 440 Constance Avenue, left the road at approximately the same place, jumped the ditch, turned completely over and landed in the front garden of a house on Saanich Road. Mr. Holt was taken from the badly wrecked car after some difficulty, but was found to be uninjured.

## YOUTH BEHEADED

BERLIN, Aug. 28 (AP).—A former member of the French Foreign Legion, twenty-year-old Friedrich Sperzel, of Frankfurt-on-Main, was beheaded this morning for espionage. The announcement said Sperzel left Germany illegally and when back in France he "agreed to spy against his own people."

## Executives to Attend Convention

W. CARLISLE F. M. MCGREGOR A. E. PEQUEGNAT  
Who will attend the convention of the Leaders' Club of the Mutual Life of Canada, which will open in the Empress Hotel today. Mr. Carlisle is superintendent of agencies of the company and president of the Leaders' Club. Mr. Pequegnat, assistant general manager of the company, will deliver the principal address. Mr. McGregor, manager of the company's Victoria office, will act as host to those attending the convention.
